

EARLY LEARNING & PRIMARY CENTERS

Student material pick up and drop off of district supplies will occur at the ELC & PC in the drop-off lanes at each building. Orange cones will designate the materials pick-up area.

We need your help:

1. Please have a sign in your car window with your child's name, grade, and at the K-8 grade level please include your child's homeroom teacher too.
2. Please place your child's materials in a box - clearly marked with their name and grade level - in your trunk. Team members will be available to take those items back and permit us to place your child's materials in your vehicle's trunk.
3. Honor social distancing. This means staying in your vehicle. Unfortunately, students and families will not be permitted access to buildings.
4. If you, or anyone with whom you have contacted, has been ill in the past 14 days, please do not come. We would be happy to make alternative arrangements when you are feeling better.
5. If you have more than one student, please visit each building for drop off/pick up of materials.

THANK YOU!
