

PHCC-WI **SCHOLARSHIP** **APPLICATIONS NOW AVAILABLE**

Earlier this year, PHCC-WI awarded nearly \$15,000 in scholarships to students studying plumbing, HVAC, and construction management at these schools: MATC Madison, MATC Milwaukee, Dunwoody Technical College, Western Technical College, Waukesha County Technical College, and UW-Platteville. We're looking forward to awarding a new group of students in 2025! Applications are now available!

It's important to note that our scholarships are funded by our industry through contributions from sister organizations in our state, from individuals, from earnings on association investments, and from operations. We invite all contractors — members or not — to consider a contribution to the scholarship fund. Time and again we are told that our future workforce is our biggest issue. And whether you are a member or not, we need everyone to be a part of the solution.

See pages 31-32 for the application.
