### Classroom News

We had so much fun celebrating the 100<sup>th</sup> Day of School! The pictures show a few of the activities we worked on: counting out 100 pieces of snack, making 100 Day crowns with 100 dots, playing lots math games with partners and alone, exploring our collections of 100 things, writing 100 words, writing our names 100 times, and thinking of 100 rhyming words. Thank you for all of your help making this special day a success!

February 12

Literacy Tips: When your child is writing, ask him/her to say the words slowly in order to hear each sound. Work on spelling sight words correctly but spelling phonetically is appropriate for other words!
